Sir:

**COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE**

Applicants thank the Examiner for the Notice of Allowability and Statement of Reasons for Allowance dated December 20, 2006. Without withdrawing the claims from issue, Applicants submit these comments to clarify the record.

The Examiner states in the Reasons for Allowance that "[t]he pending claims are allowable in [that] the closest prior art, JP 11-21227[,] does not disclose the use of pigment of filler that is surface treated with a fluorine compound." Notice of Allowability, page 2. Applicants agree with the Examiner's conclusion of allowance, but respectfully submit that the reason provided by the Examiner for allowance is not complete, as discussed below.

On the record, the Examiner has maintained the rejection of claims 1-4, 6-10, and 18-41 under 35 U.S.C. § 103(a) as being unpatentable over Japanese Application No. JP 11-021227 and U.S. Patent No. 5,976,510 to Cernasov et al. ("Cernasov"). Final Office Action dated March 24, 2005, pages 2-5. The Board of Patent Appeals and Interferences ("the Board") reversed the Examiner's rejection in the opinion dated November 2, 2006, in which, on page 5, the Board concludes that "[t]he decision of the Examiner to reject claims 1-4, 6-10, and 18-41 under 35 U.S.C. § 103(a) as being unpatentable over the combined teachings of JP 11-021227 and Cernasov is reversed." (Emphasis added). Therefore, Applicants respectfully submit that not only "[t]he closest prior art "JP 11-21227," but also Cernasov, as well as all of the references that have been considered by the Examiner during the prosecution of this application, do not teach or suggest the claimed invention.

Please grant any extensions of time required to enter these Comments and charge any additional required fees to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
